Licensed Psychologist, *State of North Carolina*

Expert Witness as a Forensic Psychologist, *Federal Court*

CLINICAL EXPERIENCE

New Spark Therapy PLLC, Durham, NC

Oct 2024 - Present

Licensed Psychologist

- » Conduct forensic evaluations for juveniles and adults in criminal and civil court proceedings, addressing issues such as competency to stand trial, criminal responsibility, juvenile transfer and sentencing, capital and non-capital sentencing, parental capacity, risk recidivism, and other general psychological evaluations occurring in the course of legal action or proceedings (e.g., emancipation of a juvenile).
- » Conduct psychological (emotional/social/behavioral/personality functioning) and psychoeducational (intellectual/cognitive functioning, ADHD) evaluations.
- » Provide trauma-informed psychotherapy to diverse adolescents and adults with various presenting issues.
- » Create and present workshops to professional audiences, such as attorneys, on various mental health topics (e.g., culturally responsive interviewing with mentally ill justice-involved clients).

Lepage Associates Psychological and Psychiatric Services, Durham, NC

Sep 2023 – Sep 2024

Licensed Psychological Associate/Postdoctoral Fellow

Supervisor: Lindsey Ohler, Psy.D., Licensed Psychologist

- » Provided individual therapy services for children, adolescents, and adults for a variety of presenting problems such as behavioral challenges, mood disorders, and maladaptive personality patterns.
- » Implemented empirically based treatment modalities such as Cognitive-Behavioral Therapy (CBT) and Dialectical Behavior Therapy (DBT), while also incorporating client-centered and interpersonal orientations.
- » Facilitated a social skills therapy group for adolescents with social anxiety and other interpersonal challenges.
- » Provided forensic consultation to clients on a variety of family court topics such as divorce and co-parenting.
- » Conducted psychological (general emotional and behavioral functioning), psychoeducational (intellectual/cognitive functioning, learning disorders, ADHD), and forensic (parental capacity, competency to stand trial, psychosexual, child custody) evaluations.
- » Engaged in didactic training on a variety of forensic topics such as family court evaluations, forensic roles in custody cases, and responding to subpoenas.

Butner Federal Correctional Complex, Butner, NC

Aug 2022 – Aug 2023

Predoctoral Psychology Intern

Forensic Evaluation Rotation, Part-Time

Feb 2023 – Aug 2023

Supervisor: Heather Ross, Ph.D., Commitment Treatment Program (CTP) Forensic Psychologist

- » Conducted detailed forensic evaluations for the federal courts in an outpatient setting on issues such as competency to stand trial, sexual dangerousness, mental status at the time of the alleged offense, and annual civil commitment risk assessments.
- » Assessed forensic patients through interviews, observations, collateral document review, psychological testing, and report writing.
- » Administered, scored, and interpreted various psychological assessment measures (e.g., SIMS, VIP, WAIS-IV, RBANS, PAI, MMPI, etc.).
- » Conducted weekly rounds on patients in the Secure Mental Health unit.
- » Increased understanding of professional issues such as rationales for commitment, patient rights to privacy, *parens patriae*, and administrative due process.
- » Engaged in crisis management interventions related to suicide risk, homicide risk, and sexual assault risk.
- » Provided consultation to members of the unit team, health services, education, and administration.
- » Documented sensitive inmate information and treatment services in patient medical records in compliance with Health Services Division guidelines.
- » Testified in federal district court on a competency to stand trial evaluation.

Forensic Treatment Rotation, Part-Time

Feb 2023 – Aug 2023

Supervisor: Laura Sheras, Psy.D., Advanced Care Level Psychologist

- » Provided Forensic Treatment Services groups: Illness Management and Recovery, Competency Restoration, Dual Diagnosis (i.e., co-occurring substance abuse and mental illness), and Social Skills Training for Schizophrenia.
- » Facilitated Testing Clinic which includes administering a range of psychological tests in a group setting (e.g., VIP, Shipley-2, SIMS, TSI-2, etc.).
- » Maintained an individual therapy caseload of patients on the inpatient psychiatric unit.
- » Participated in interdisciplinary treatment team meetings composed of psychologists, psychiatrists, social workers, medical providers, and other allied health professionals including nurses, physical therapists, recreational therapists, and unit team.
- » Conducted weekly rounds in the Secure Mental Health Housing units.
- » Engaged in crisis management interventions related to suicide risk, homicide risk, and sexual assault risk.
- » Documented sensitive inmate information and treatment services in patient medical records in compliance with Health Services Division guidelines.

Correctional Psychology Rotation, Full-Time

Aug 2022 – Feb 2023

Supervisor: Lauren Delk, Ph.D., Staff Psychologist

- » Completed psychology intake screenings and made appropriate referrals for medication and/or treatment.
- » Conceptualized clients diagnostically and determined appropriate, corresponding mental health care level.
- » Managed a caseload of individual therapy clients using treatment modalities such as cognitive-behavioral therapy, dialectical behavior therapy, and motivational interviewing, and created individualized treatment plans.
- » Provided crisis interventions and weekly clinical contacts to Special Housing Unit inmates.
- » Facilitated therapy groups regarding substance use treatment, trauma treatment, anger management, and emotion self-regulation.
- » Developed therapeutic programming curriculum for inmates in the medication-assisted treatment (MAT) program which uses a holistic approach to treating substance use disorders.
- » Conducted comprehensive assessments for suicide risk, homicide risk, and sexual assault risk.
- » Conducted a parole board evaluation for an eligible inmate with an upcoming release date.

Kentucky Correctional Institution for Women, Pewee Valley, KY

Aug 2021 – June 2022

Doctoral Therapy Practicum Student

Supervisors: Brian King, Psy.D. & Michael Day, Psy.D.

- » Provided individual therapy to adult inmates from ages 18 to 65+.

- » Conducted process and psychoeducation groups with inmates.
- » Performed comprehensive psychological evaluations to answer a variety of referral questions, such as to provide diagnostic clarification or to guide treatment planning.
- » Conducted file reviews and comprehensive clinical interviews with the inmates.
- » Conceptualized clients through a bio-psycho-social lens while incorporating individual risk level, criminogenic needs, and responsivity factors to provide an evidence-based conceptualization of the client.

Bellarmine University Counseling Center, Louisville, KY

Aug 2020 – June 2022

Doctoral Therapy Practicum Student

Supervisors: Marlana Bragg, Psy.D. & Brigid Kleinman, Ph.D. (20-21); Gary Petiprin, Ph.D. & Michael Day, Psy.D. (21-22)

- » Provided short- and long-term individual therapy to adolescents and adults using a transtheoretical approach.
- » Performed comprehensive psychological evaluations to answer a variety of referral questions, such as to provide diagnostic clarification or to guide individual psychotherapy treatment.
- » Engaged in outreach programming with the undergraduate and graduate community to provide psychoeducation on mental health topics.
- » Engaged in clinical and didactic training activities at weekly case conferences on various topics, such as suicide risk assessment, motivational interviewing, DBT, and ACT.
- » Staffed booths at campus events to provide information about BUCC and administer mental health screeners.
- » Conducted comprehensive clinical interviews and developed treatment plans with specific, circumscribed goals.
- » Implemented an evidence-based method of eliciting client feedback using the Partners for Change Outcomes Management System (PCOMS) to monitor treatment outcomes and support client-centered improvement.

Central State Psychiatric Hospital, Louisville, KY

Aug 2019 – July 2020

Doctoral Therapy Practicum Student

Supervisors: Ann Brian, Ph.D. & Ida Dickie, Ph.D.

- » Provided milieu therapy and support to adult patients primarily through brief solution-focused therapy, crisis intervention, and motivational interviewing.
- » Planned and facilitated therapeutic and psychoeducational groups on topics such as medication management, understanding diagnoses, and improving social skills.
- » Shared diagnostic impressions and treatment recommendations with interdisciplinary treatment teams .
- » Increased knowledge on legal processes related to involuntary commitment (e.g., filing Mental Inquest Warrants)
- » Assisted psychologist in preparing court documents and attended probable cause legal hearings.
- » Conducted relapse prevention sessions with patients prior to discharge.
- » Administered psychological and forensic assessments for diagnostic clarification and treatment planning.
- » Conducted intakes, which included determining mental status, violence risk, and suicide risk.

Commonwealth Therapy Louisville, Louisville, KY

Feb 2019 – July 2019

Doctoral Assessment Practicum Student

Supervisors: Allyson Bradow, Psy.D. & Kristen McCrary, Psy.D.

- » Used psychological evaluations to answer a variety of referral questions, such as to provide diagnostic clarification or determine treatment needs for both child and adult clients.
- » Administered assessment batteries, which frequently included intellectual assessments, achievement assessments, objective personality assessments, projective personality assessments, and social-emotional-behavioral assessments.
- » Conducted comprehensive clinical interviews and chart reviews.
- » Scored psychological assessments and interpreted assessment results.
- » Formulated integrated psychological reports detailing assessment findings, subsequent diagnoses, and treatment recommendations.
- » Provided caregivers and clients with feedback and evidence-based recommendations based on assessment results.

Associates in Counseling and Psychotherapy, New Albany, IN

Aug 2018 – Feb 2019

Doctoral Assessment Practicum Student

Supervisors: Jessica Huett, Psy.D. & Kristen McCrary, Psy.D.

- » Used psychological evaluations to answer a variety of referral questions, such as to provide diagnostic clarification or determine treatment needs, for both child and adult clients.
- » Administered assessment batteries, which frequently included intellectual assessments, achievement assessments, objective personality assessments, projective personality assessments, and social-emotional-behavioral assessments.
- » Conducted comprehensive clinical interviews and chart reviews.
- » Scored psychological assessments and interpreted assessment results.
- » Formulated integrated psychological reports detailing assessment findings, subsequent diagnoses, and treatment recommendations.
- » Provided caregivers and clients with feedback and evidence-based recommendations based on the assessment results.
